Icecreams R Us exclusively delivers ice-cream to homes in Newcastle. To increase market share, they are negotiating with a major service station chain, Eucafuels Ltd, to sell their brand of ice-cream throughout NSW.

Before they agree to sell the ice-cream, Eucafuels Ltd have a number of concerns over the ability of Icecreams R Us to:

- deliver ice-cream to their outlets in NSW in a timely manner
- create an awareness that the ice-cream will be sold at Eucafuels Ltd outlets
- produce an increased volume of ice-cream while maintaining a quality product.

To address these concerns, you have been hired as a consultant by Icecreams R Us to write a report to their directors. In your report:

- describe TWO physical distribution issues that the business needs to consider in the delivery of their product
- justify ONE promotional strategy the business could use
- recommend possible changes the business could make to their operations processes to address the volume and quality concerns of Eucafuels Ltd.
